

KEDSUN

PANTAKED-DSR

Pantoprazole 40mg + Domperidone 30mg(SR) Capsules

The Dependable Option in GERD

Pantoprazole

- The prompt acting PPI
- Maximum acid suppression maximum relief

Domperidone

- Domperidone is used to treat nausea and vomiting caused by other drugs used to treat Parkinson's Disease.

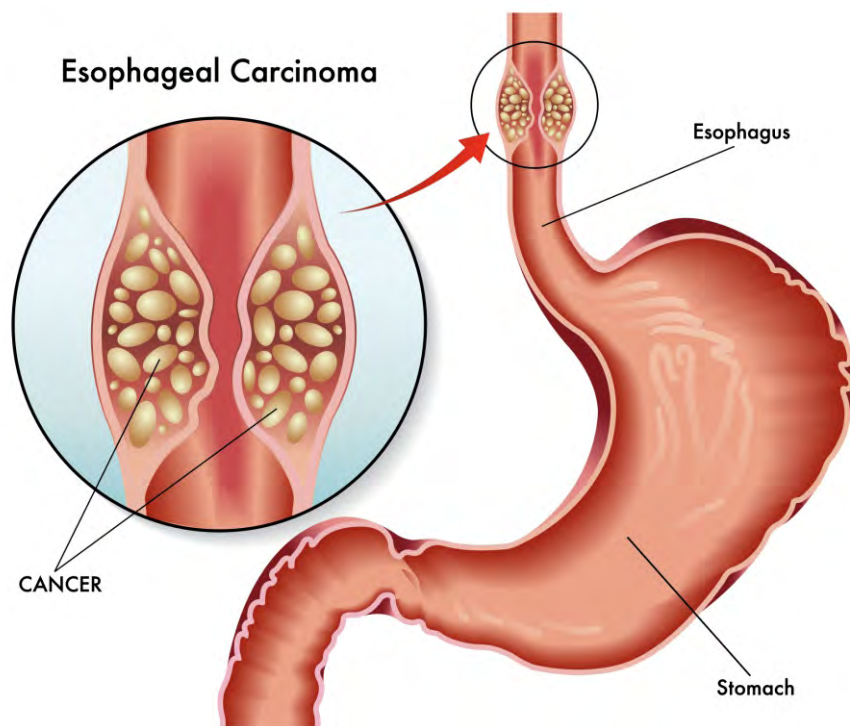

In GERD | IBS | Gastric & Duodenal Ulcer | Heartburn

Also available as

PANTAKED-40

Pantoprazole Sodium 40mg **Tablet**

**Before
the disease
worsen,
choose the best
PPI for
faster relief**

OMEKED-20

Omeprazole 20mg. *Capsule*

*For
associated
reflux*

**FOR
INSTANT
CONTROL
IN
HYPERACIDITY**

IN DUODENAL ULCERS

Maintenance therapy with PPI reduces Symptomatic Duodenal ulcers recurrence to about 20% per year*

In NSAID's Induced ulcers

PPI (Omeprazole) accelerate ulcer healing thus drug of choice for NSAID ulcer*

In Gastro oesophageal reflux disease

Similar efficacy to that of Lansoprazole & Pantoprazole*

In Gastric ulcers

Reduces Gastric acid level effectively *

**In Nausea &
Vomiting A highly potent selective
& well tolerated**

VOMIKED-4MD

Ondansetron 4 mg

Dispersible Tablets

Single oral dose for prevention of postoperative Nausea & Emesis

Facilitates oral dehydration

Controls Nausea Vomiting in just 10 minutes

Least drug interactions

10 times safer than Domperidone without any
extrapyramidal symptoms (EPS)

Post operative Nausea & Vomiting

Chemotherapy induced Nausea & Vomiting

1st Line Antiemetic.. for 1st Dose Success

Also available as

VOMIKED

Ondansetron 2mg 30 ml Drops

Breathe... Allergy Free...

MINOKED-LC

Montelukast Sodium 10mg+Levocetirizine 5mg Tablets

"Leukotrienes give rise to potent biological actions, increases mucus production, causes inflammation, thus narrows down the airways"

Montelukast Sodium ...

- Antagonist to cystenyl leukotrienes LTD 4 and LTE 4, thus causes broncho-dilation and reduces wheezing in asthmatic patients
- This makes patients inhale and exhale without and extra effort

Levocetirizine ...

- Potent histamine with decongestant properties without any sedative effects
- Bilayered technology makes it work faster in clinical practice

Also Available 

MINOKED-LC

Montelukast Sodium 10mg+Levocetirizine 5mg Syrup

Effective in...

**ASTHMA
ALLERGEN INDUCED BRONCHO CONSTRICTION**

MINOKED-FX

Montelukast 10mg & Fexofenadine 120mg Tablets

FEXOFENADINE

- Fexofenadine is effective in reducing the total symptom score of allergic rhinitis including blocked nose and is considered safe for pediatric patients as young as 6 year of age.
- Seasonal allergy relief from sneezing, running nose, itchy eyes or skin and general body fatigue

MONTEUKAST

- Monteukast causes inhibition of airway cysteinyl leukotriene receptors as demonstrated by the ability to inhibit bronchoconstriction due to inhaled LTD 4 in asthmatics

Used For :

- Treating seasonal allergy symptoms such as sneezing, runny nose, itchy throat, or itchy, watery eyes.
- It is also used to treat hives and skin itching. It may also be used for other conditions as determined by your doctor.
- Fexofenadine is an antihistamine. It works by blocking a substance in the body called histamine. This helps to decrease allergy symptoms.

Indications :

- Seasonal allergic rhinitis
- Perennial allergic rhinitis
- Pruritus
- Allergen-induced wheal-and-flare

Smart Way To Find Happiness

COLDKED

Paracetamol, Phenylephrine HCl, Chlorpheniramine Maleate & Caffeine **Tablets**

Paracetamol, Phenylephrine HCl & Cetirizine **Syrup**

- **Paracetamol** Produces analgesia by elevation of pain threshold and antipyretic effect through action on the hypothalamic heat regulating center.
- **Phenylephrine** as a sympathomimetic decongestant reduces the nasal congestion due to increase nasal blood flow associated with cold influenza.
- **Caffeine** is a xanthine alkaloid & a stimulant drug shows effect within 15 min after ingestion.
- **Chlorpheniramine** competitively antagonize histamine at H1 receptor sites Controls sneezing, running nose and itchy eyes

PHENYLEPHRINE
A Decongestant

CAFFEINE
A CNS Stimulant

Fever	Nasal Congestion
Headache	Drowsiness
Sneezing	Cough & Cold

THE GOLD STANDARD COMBINATION TO CURE COLD

*Versatile With
Better Efficacy*

DEFLAKED

Deflazacort 6mg Suspension

Deflazacort is derived from prednisolone

A corticosteroid with mainly glucocorticoid activity.

An anti-inflammatory dose of 6 mg deflazacort is equal to 5 mg prednisolone.

Exhibits greater anti-inflammatory potency than prednisolone

Possesses anti-inflammatory and immunomodulatory properties

Indications :

Rheumatoid Arthritis

Other inflammatory Reactions

Systemic Lupus Erythematosus (SLE)

Severe Asthma

*For better & Quick
relief against critical
inflammatory condition..*

Also Available : **ACEKED-PLUS** **ASOKED-PLUS**
Aceclofenac 50 mg & Paracetamol 125 mg **Suspension** Aceclofenac & Paracetamol **Suspension**

Offer Accelerated Analgesic And Muscle Relaxant Action

**For Painful
Breaking Situation**

PARAKED-MR

Diclofenac Potassium 50mg + **Tablets**
Paracetamol 325mg+Chlorzoxazone 250mg

Diclofenac Potassium

- Possesses rapid onset of action 15 minutes
 - Inhibits COX enzyme & prostaglandin synthesis faster than Diclofenac sodium
 - Relieves the pain, tenderness, inflammation, stiffness & swelling
- Serratiopeptidase

Serratiopeptidase

- Potent anti-inflammatory agent
- Speeds up the tissue repair and healing

Paracetamol

- Times tested and trusted analgesic
- Gentle on various parameters
- Works in synergy with Diclofenac

■ Pain & inflammation

■ Tendonitis / Bursitis

■ Back Pain

■ Neck / Shoulder Pain

■ Sprains strains

**Assures Relief Against
Pain & Inflammation**

DICLOKED-P

Diclofenac Potassium 50mg + Paracetamol 325mg **Tablets**

Diclofenac Potassium

- Possesses rapid onset of action 15 minutes
- Inhibits COX enzyme & prostaglandin synthesis faster than Diclofenac sodium
- Relieves the pain, tenderness, inflammation, stiffness & swelling Serratiopeptidase

Paracetamol

- Times tested and trusted analgesic
- Gentle on various parameters
- Works in synergy with Diclofenac

■ Pain & inflammation

■ Sprains strains

■ Neck / Shoulder Pain

**Drug-Out the Colicky Pain
from Smooth Muscles**

MEFKED-SPAS

Mefenamic Acid 250mg & Dicyclomine HCl 10 mg **Tablets**

Combination of potent MAID with smooth muscle relaxant

Inhibits uterine prostaglandins and also relieves cramping in smooth muscles

Combination offers complete relief of pain in 84% patients in moderate to severe dysmenorrhea

SPASMODIC DYSMENORRHEA

BILIARY COLIC

GASTRO-INTESTINAL COLIC

URETRIC COLIC

Relieves spasms of various origin

**EFFECTIVE PEDIATRIC
ANTI-SPASMODIC
FORMULA**

MEFKED-SPAS

Simethicone 40mg & Dicyclomine HCl 10 mg Syrup

- Dicyclomine is an antispasmodic, works by relaxing the muscles in your stomach and gut (intestine)
- Stops sudden muscle contractions (spasms), thereby relieving abdominal cramps and pain
- Simethicone is an antifoaming, disintegrates gas bubbles and allows easy passage of gas

MEFKED-SPAS Safest way to relieve infant colic Prevent gas formation & helps in digestion

**Indicated in:
Flatulence, Intestinal Spasms & Cramps**

**Break the Shackles of Pain
with Dual Power of....**

NIMUKED-P

Nimesulide 100mg + Paracetamol 325mg Tablets

Nimesulide

More effective than Naproxen
& Mefenamic Acid

Better gastrointestinal safety than
conventional NSAIDs

Paracetamol

Most widely used pain reliever

Synergistic efficacy with
NSAIDs in pain

**BACKACHE • TOOTHACHE • SOFT TISSUE INFLAMMATION
PRIMARY DYSMENORRHEA • MUSCULAR ACHE**

KEDROLAC-DT

Ketorolac Tromethamine 10 mg Dispersible Tablets

Proven Efficacy

- Potent non-steroidal agent with potent analgesic and moderate anti-inflammatory activity.
- Inhibits cox-2 enzyme and prostaglandin synthesis.
- It has Potent analgesic Activity, similar to Morphine and meperidine.
- Highly effective in short term severe acute pain.
- ketorolac does not bind to opioid receptors and is not a centrally acting agent.

Unparallel Safety Profile

- > Free from cardio, respiratory & renal side effects.
- > No urinary retention, constipation & biliary disorders.
- > Safe in patients with active ulcers and Asthama.
- > Ideal for elderly patients.

Indications:

Surgical Pain

Dental Pain

Acute and Severe Pain

Acute Gout

Acute Musculo Skeletal Disorders

Safe and Effective in Post-Operative Pain

More Effective & Safety ...

KEDMAX-4G

Omega-3 Fatty Acids, Green Tea Extract,
Ginkgo Biloba, Ginseng Extract, Grape Seed Extract,
Garlic Extract, Antioxidant, Vitamins, Minerals & Trace Elements

SOFTGEL CAPSULES

OMEGA 3 FATTY ACIDS

Supports cardiovascular health
Helps reduce high blood pressure
Relieves joint pain and swelling
Reduces inflammation associated with lupus and endometriosis
Improves memory, cognition & brain function
Enhances immune system function
Supports breast, colon, and prostate health
Helps correct an omega-3 imbalance

GINSENG

Promotes Healthy Immune Function
Helps to maintain excellent body functions

GINKGO BILOBA

For improving blood flow, for improving memory/
concentration due to certain brain problems

GREEN TEA EXTRACT

Green tea is used to improve mental alertness and thinking.
It used for weight loss and to treat stomach disorders, vomiting,
diarrhea, headaches, bone loss (osteoporosis), and solid tumor cancers.

With added benefits of Vitamins, Antioxidants & Minerals

Repair and strengthen muscle tissue to help with greater mobility
Supports the function and structure of the cells.
Supports the immune system.
Help protect the body from free radical damage.
Support mental sharpness
Support the heart and other organs to improve function
Supports the healthy digestive system.
Supports the red blood cells formation

GRAPE SEED

Grape seeds are rich in powerful antioxidants
Grape seed extract may play a role in cancer prevention,
bone strength, oral health, healthy blood pressure and more

KEDJOINT-K27

Calcium Citrate Malate, Calcitriol, Vitamin K27-, Omega-3 Marine Triglycerides, Methylcobalamin Folic Acid & Boron softgel capsule

- Better calcium than calcium carbonate
- Facilitates intestinal absorption of calcium
- Helps in bone mineralisation
- Helps prevent osteoporosis

Pregnancy and Lactation

Menopause

Bone Fracture

Vitamin D Deficiency

KEDJOINT-K27

Calcium Supplement for old & Porous Bones

For every stage of life

KEDJOINT-FORTE

Calcium Citrate Malate, Vitamin D3 & Folic Acid Tablets

Calcium Citrate

Calcium citrate is commonly used to treat or prevent calcium deficiency, especially in individuals who may not get enough calcium from their diet alone. It is also used in the treatment of conditions such as osteoporosis, which is characterized by weakened bones, and osteomalacia, which is a softening of the bones due to inadequate calcium absorption.

Calcium Citrate

Folic acid, also known as folate or vitamin B9, is a water-soluble vitamin that is essential for the growth and development of the body's cells. It is particularly important for pregnant women, as it helps in the formation of the neural tube in the developing fetus, which can prevent birth defects of the brain and spine.

Vitamin D3

Vitamin D3, also known as cholecalciferol, is a fat-soluble vitamin that plays a crucial role in maintaining bone health by promoting the absorption of calcium and phosphorus from food. It also helps in regulating the immune system, reducing inflammation, and improving muscle function.

- *Higher bio-availability 250% higher*
- *No chelate formation with iron*
- *Calculi*
- *Dose not causes constipation*
- *No bowel gas discomfort*

Indications :-

- ▶ *Pregnancy & lactation*
- ▶ *Osteoporosis and Osteopenia*
- ▶ *For Strong Bones & Teeth*

For Successful Pregnancy Outcome

ARGIKED

L-Arginine 3gm, DHA 200mg,
Proanthocyanidins 75mg, Vitamin B6 3mg,
Cyanocobalamin 750mcg & Folic Acid 1.5mg **Sachet**

L-Arginine:

Improves uteroplacental blood flow thereby improves delivery of nutrients & oxygen to the fetus. Improves conditions of IUGR, Small for Gestational age & Oligohydramnios. Reduces risk of low-birth-weight babies

Proanthocyanidin:

These have strong anti-oxidant property. Antioxidant power of is 20 times greater than vitamin E and 50 times greater than vitamin C They increase production of nitric oxide & prevent its inactivation by free radicals

Folic Acid & Vit B6:

They help in reducing homocysteine level in the blood
Thus prevent vasoconstriction & improve feto-maternal circulation & fetal growth
Also prevent neural tube defect

Cyanocobalamin:

It's used to treat and prevent vitamin B12 deficiency anaemia.
Your body requires vitamin B12 to make red blood cells.

DHA:

Its essential for the growth and functional development of the brain in infants.
DHA is also required for maintenance of normal brain function in adults.

- **Gestational Hypertension**
- **Pre-eclampsia**
- **Intra-Uterine Growth Restriction (IUGR)**
- **Oligohydramnios**

CALCIKED-D3 60K

Cholecalciferol 60,000 IU

Softgel Capsule

- Exert Strong Immune Enhancing Effect
- Controls Blood Pressure
- Improves Proper Bone Development & Muscle Contraction
- Treat Refractor Rickets (Vitamin D Resistant Rickets)
- Controls Hypoparathyroidism, Hypophosphatemia, Hypocalcemia

Also useful in:

Excellent Therapy In Chronic Kidney Disease In
Long-term Hemodialysis Patients
Easy And Cost-effective Therapeutic Measure
Allows Reduction Of Vitamin D Deficiency

CYCLOKED

Dicyclomine & Simethicone Suspension

Megaldrate is an antacid that works by neutralizing the acid in the stomach, thereby reducing symptoms such as heartburn and indigestion. It can also be used to treat peptic ulcers and gastritis. Megaldrate is usually taken orally as a tablet or suspension, and the dosage and frequency of use will depend on the individual's specific needs and the severity of their symptoms.

Dicyclomine is an antispasmodic medication that works by relaxing the muscles in the digestive tract, which can help to reduce symptoms such as abdominal pain, cramping, and bloating. It is typically used to treat symptoms of irritable bowel syndrome (IBS) and other gastrointestinal disorders.

Also Available

CYCLOKED

Dicyclomine & Simethicone Drops

Megaldrate and Dicyclomine can help to provide relief for a range of gastrointestinal symptoms, including acid reflux, heartburn, indigestion, and IBS.

PARAKED-PLUS

IBUPROFEN 100MG + PARACETAMOL 162.5MG SYRUP

*Effective control on
Pain & Fever*

It is a combination of Ibuprofen and Paracetamol, which belongs to the group of medicines called Non-steroidal anti-inflammatory (NSAIDs) and Analgesics respectively. It is indicated in the treatment of minor aches and pains and for reduction of fever.

Ibuprofen

Ibuprofen is a nonsteroidal anti-inflammatory drug (NSAID) that is used to relieve pain, reduce fever, and reduce inflammation. It works by inhibiting the production of prostaglandins, which are chemicals that contribute to pain, fever, and inflammation. Ibuprofen is commonly used to treat a variety of conditions such as headache, menstrual cramps, toothache, back pain, arthritis, and fever.

Paracetamol

Paracetamol, also known as acetaminophen, is a commonly used medication for pain relief and fever reduction. It works by inhibiting the production of prostaglandins, which are chemicals that contribute to pain and fever. Paracetamol is often used to treat headaches, toothaches, menstrual cramps, muscle aches, arthritis, and other mild to moderate pain. It is also used to reduce fever associated with various illnesses such as colds & flu.

Indicated In :

- **Toothache/Teething Pain**
- **Muscular Aches**
- **Headache/Eareache**
- **Fever**
- **Rheumatoid Arthritis**

Indication :

Athletes foot

Immunocompromised patients

Candidiasis

Jock itch

KLOKED *Swift & Effective Against Fungal Infections*

Help in Mixed Skin Infections

CIPROKED-NF

Ciprofloxacin, Metronidazole, Terbinafine & Clobetasol Cream

This is a combination of Ciprofloxacin, Metronidazole, Terbinafine & Clobetasol its together helps the user to achieve complete relief from various skin infections & their effects including redness, itching, and swelling.

Ciprofloxacin: Ciprofloxacin is an antibiotic that works by preventing the bacteria to repair, divide, or reproduce and eventually killing them.

Metronidazole: Another antibiotic Metronidazole works by killing other microorganisms including parasites and anaerobic bacteria that cause infections by destroying the DNA.

Terbinafine Hydrochloride: Terbinafine is an antifungal medication that restricts the growth of fungi by inhibiting them from forming their protective shield.

Clobetasol Propionate: Lastly, a steroid Clobetasol acts by blocking the production of certain chemical messengers known as prostaglandins that make the skin itchy, red, and swollen.

For blemish Free & Glowing Skin

*Eradicate Fungal Growth to
Regain the Beauty*

DERMIKED

Ketoconazole, Neomycin,
Iodochlorhydroxyquinoline,
Tolnaftate & Clobetasol Propionate **Cream**

CLOBETASOL PROPIONATE

- Broad Spectrum anti fungal agent
- Effective in condition with Tinea Pedis with 80% cure rate

KETOCONAZOLE

- It kills fungi by destroying the fungal cell membrane.
This treats your infection.

NEOMYCIN SULPHATE

- Well accepted antibacterial agent.

TOLNAFTATE

- It is an antifungal medication.

IDOCHLOROHYDROXYQUINOLINE

- It acts by interacting with DNA synthesis thus
killing the fungi.

100

Sildenafil Tablets 50/100mg

Tablets

Sildenafil is used to treat male sexual function problems (impotence or erectile dysfunction-ED) In combination with sexual stimulation, sildenafil works by increasing blood flow, which help a man get and keep an erection.

Treats Erectile Dysfunction

Sildenafil increases levels of cGMP in the corpus cavernosum which results in smooth muscle relaxation and inflow of blood leading to erection.

Dosage :-

Maximum recommended dosing frequency is once a day.
Can be taken 30 minutes to 3 hours before sexual activity.

**For the treatment of Erectile Dysfunction
and Pulmonary Arterial Hypertension**

A Perfect Approach in Ear Infections...

EARKED

Neomycin Sulphate, Beclomethasone Dipropionate,
Clotrimazole & Lignocaine Hydrochloride **Ear Drops**

Neomycin :

is used to prevent or treat skin infections caused by bacteria.

Beclomethasone Dipropionate :

Imparts potent anti-inflammatory, anti-allergic & anti-pruritic activity.

Clotrimazole :

Broad spectrum anti-fungal with additional activity against yeasts, Dermatophytes & Candida albicans.

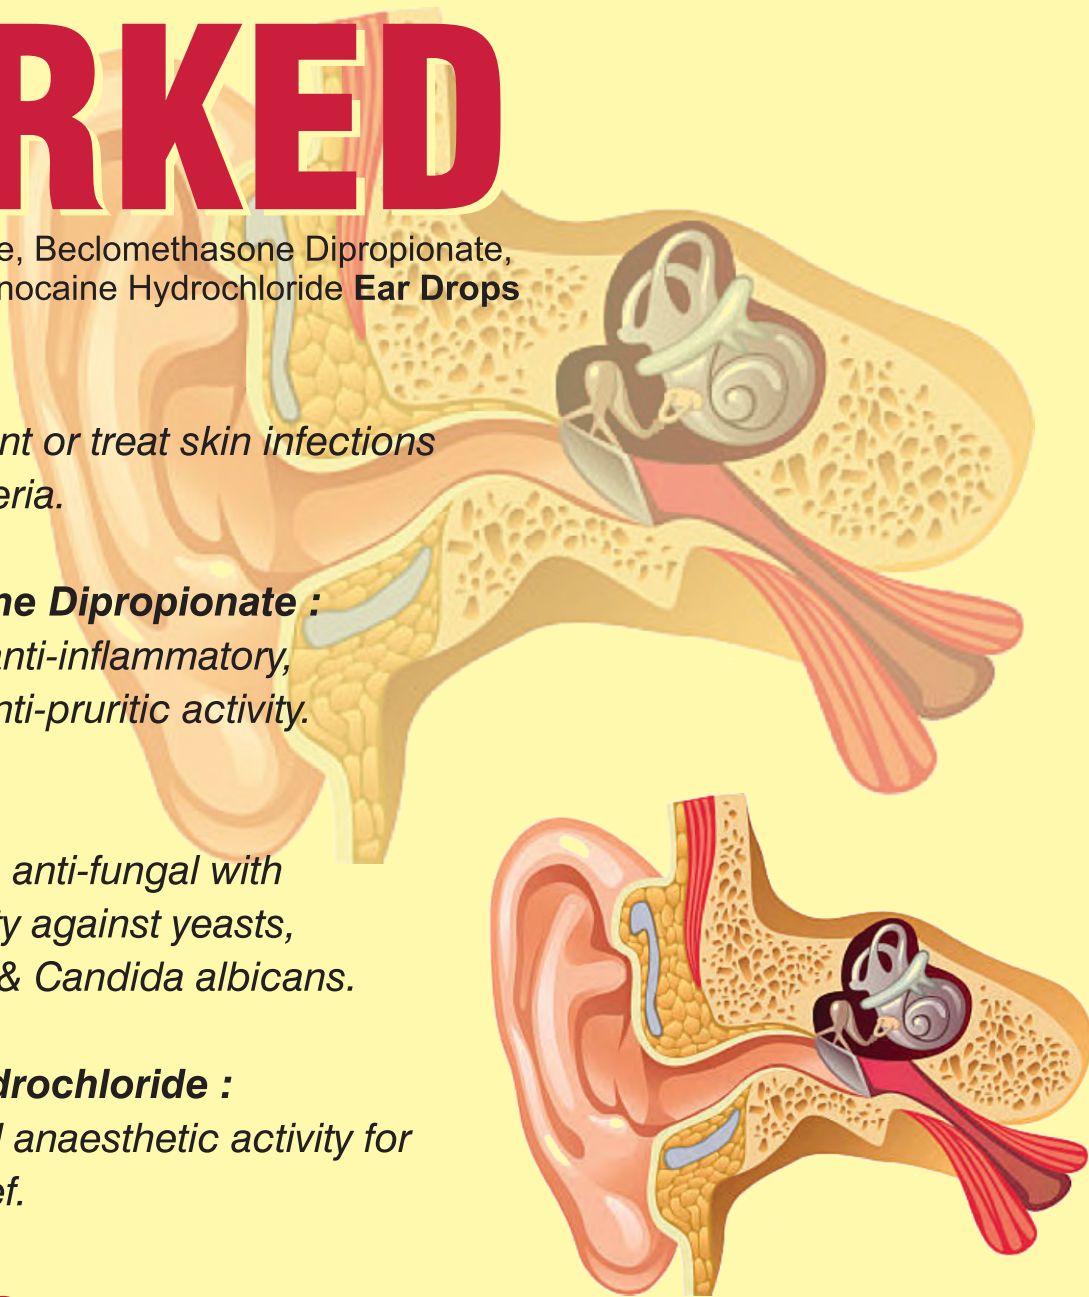

Lignocaine Hydrochloride :

Possesses local anaesthetic activity for instant pain relief.

Otitis media

Allergy and inflammation of Ear

Suppuration of Middle Ear

Our eyes is our only sight to see the beautiful world so keep them fresh with.....

EYEKED E/D

EYE DROPS

Carboxymethyl Cellulose Ophthalmic Solution 0.5 w/v with stabilized Oxichloro complex

Indications :

- 💧 Dry Eye.
- 💧 Post operative care.
- 💧 Computer Vision syndrome.

💧 Dosage 1 to 2 Drops in each affected Eye 1- 4 times in a day
Not Recommended below 12 year Old.

💧 Note : replace the cap immediately after use to avoid contamination
Do not touch tip while using.

Most powerful in dry eye condition and other forms of EYE irritation

EYEKED

Best Lubricating Eye drop
